

Spare parts for
AWD couplings

A Global Leader in Drivetrain Technology.

ELECTRO-HYDRAULIC COUPLING

The AWD Coupling product portfolio provides a wide range of electronically-controlled, on-demand AWD coupling, as well as driveline disconnect solutions. Both electro-hydraulic and electro-magnetic clutch actuation technologies and controls deliver outstanding vehicle traction and handling performance.

AWD Driveline Service products with no quality compromise.

We are committed to offer a wide range with world class quality to meet the highest expectations.

BorgWarner offers a broad range of spare parts for AWD couplings. Filters, pumps, and special oils ensure a constant oil flow and facilitate ideal distribution of the driving power between the front and rear axle for optimum traction and handling.

3 GOOD REASONS FOR OUR PDS PRODUCT RANGE

- Original equipment quality
- Guaranteed accuracy of fit
- Worldwide service

FILTER KITS

- Particle free system for flawless operation

PUMP KITS

- Flawless system operation
- Proper reaction to road conditions

OIL

- Only approved system oil for these units
- Identical with the one used in serial production

SENSOR KITS

- Perfect system control

FILTER KITS
