- *Découvrez la gamme des produits de remplacement et les nouveautés BorgWarner : chaînes de distribution, plateaux de friction, modules mécatroniques pour doubles embrayages et onduleurs*
- *Première apparition à Automechanika Frankfurt du nouveau logo de l'entreprise et de l'emballage actualisé des produits.*
- *Rejoignez-nous dans le hall 3, stand A11 pour découvrir les produits BorgWarner leaders du marché, ainsi que l'engagement de la société en matière de qualité et de service.*

Auburn Hills, Michigan, 8 août – BorgWarner participera à Automechanika Frankfurt 2024, qui se tiendra du 10 au 14 septembre. Cet événement constituera pour BorgWarner une excellente plateforme pour présenter sa gamme élargie de produits conçus pour répondre aux besoins des clients du marché de l'après-vente. Sur son stand A11 – hall 3, BorgWarner présentera ses produits leaders pour ce marché dont, entre autres nouveautés, les chaînes de distribution, plateaux de friction, modules mécatroniques pour doubles embrayages et onduleurs.

« Principal salon mondial du remplacement, Automechanika Frankfurt est la vitrine idéale pour présenter le nouveau logo de BorgWarner et nos solutions de rechange les plus récentes, ainsi que nos turbocompresseurs et nos solutions de recirculation des gaz d'échappement, leaders sur le marché » a déclaré Michael Boe, Vice President et General Manager Aftermarket, BorgWarner Turbos and Thermal Technologies. « Nous sommes résolus à accompagner nos partenaires industriels avec des produits et des services de haute qualité et à stimuler l'innovation dans le secteur du l'après-vente. »

L'offre de BorgWarner au salon de Francfort comprend également une gamme de turbocompresseurs, garantissant des performances et rendements optimaux sur différents types

BorgWarner Inc. (BorgWarner to Showcase Expanded Product Line Up at Automechanika Frankfurt 2024_FR) – 2

de véhicules, ainsi que des vannes de recirculation des gaz d'échappement (EGR) et des refroidisseurs, contribuant à réduire les émissions nocives et à améliorer l'efficacité du moteur. BorgWarner présentera également ses technologies d'allumage, ses solutions de transmission avancées et ses produits de gestion thermique tels que les réchauffeurs de liquide de refroidissement à haute tension et ventilateurs de refroidissement.

Après l'évolution du logo BorgWarner à l'été 2023, l'emballage des produits BorgWarner a également été mis à jour. Le nouvel emballage sera introduit progressivement : conformément à notre engagement en faveur d'un avenir durable, nous utiliserons des emballages bruns sur lesquels la technologie correspondante sera mise en évidence.

Le développement durable est au cœur des préoccupations de BorgWarner. Non seulement, nous réduisons les émissions, les déchets et les matériaux en reconditionnant les turbocompresseurs et les vannes EGR, le siège de l'après-vente à Kirchheimbolanden en Allemagne compense également les émissions de CO₂ en achetant des certificats de neutralité carbone pour tous ses transports et expéditions de produits depuis 2021.

Rendez visite à BorgWarner à Automechanika Frankfurt 2024 pour échanger sur place avec les responsables et tout savoir sur l'engagement de l'entreprise en faveur d'un monde plus propre et plus écoresponsable en matière d'énergie.

Forward Looking Statements: This release may contain forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management's current outlook, expectations, estimates and projections. Words such as "anticipates," "believes," "continues," "could," "designed," "effect," "estimates," "evaluates," "expects," "forecasts," "goal," "guidance," "initiative," "intends," "may," "outlook," "plans," "potential," "predicts," "project," "pursue," "seek," "should," "target," "when," "will," "would," and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact, contained or incorporated by reference in this release that we expect or anticipate will or may occur in the future regarding our financial position, business strategy and measures to implement that strategy, including changes to operations, competitive strengths, goals, expansion and growth of our business and operations, plans, references to future success and other such matters, are forward-looking statements. Accounting estimates, such as those described under the heading "Critical Accounting Policies and Estimates" in Item 7 of our most recently filed Annual Report on Form 10-K ("Form 10-K"), are inherently forward-looking. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: supply disruptions impacting us or our customers, such as the current shortage of semiconductor chips that has impacted original equipment manufacturer ("OEM") customers and their suppliers, including us; commodity availability and pricing, and an inability to achieve expected levels of recoverability in commercial negotiations with customers concerning these costs; competitive challenges from existing and new competitors including OEM customers; the challenges associated with rapidly changing technologies, particularly as they relate to electric vehicles, and our ability to innovate in response; the difficulty in forecasting demand for electric vehicles and our electric vehicles revenue growth; disruptions in the global economy caused by wars, including the wars in Ukraine and the Middle East; the ability to identify targets and consummate acquisitions on acceptable terms; failure to realize the expected benefits of acquisitions on a timely basis; the possibility that our recently-completed tax-free spin-off of our former Fuel Systems and Aftermarket segments into a separate publicly traded company will not achieve its intended benefits for us; the failure to promptly and effectively integrate acquired businesses; the potential for unknown or inestimable liabilities relating to the acquired businesses; our dependence on automotive and truck production which is highly cyclical and subject to disruptions; our reliance on major OEM customers; the extent, duration, and impact of the recent and any future strikes involving some of our OEM customers and any actions such OEM customers take in response; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment; the outcome of existing or any future legal proceedings, including litigation with respect to various claims, or governmental investigations, including related litigation; future changes in laws and regulations, including, by way of example, taxes and tariffs, in the countries in which we operate; impacts from any potential future acquisition or disposition transactions; and the other risks noted in reports that we file with the Securities and Exchange Commission, including Item 1A, "Risk Factors" in our most recently filed Form 10-K and/or Quarterly Report on Form 10-Q. We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this release to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
