

News Release

BorgWarner Recognized by General Motors as a 2019 Supplier of the Year Winner

Auburn Hills, Michigan, September 29, 2020 – BorgWarner, was named a GM Supplier of the Year by General Motors during a virtual ceremony honoring the recipients of the company's 28th annual Supplier of the Year awards on Wednesday, June 24, 2020.

During the event, GM recognized 116 of its best suppliers from 15 countries that have consistently exceeded GM's expectations, created outstanding value or introduced innovations to the company. The awards ceremony was originally scheduled as a live-event to be held in March but was postponed due to the impact of the COVID-19 pandemic. The recognition is for supplier performance in the 2019 calendar year.

Last year, during the GM Supplier of the Year awards ceremony, BorgWarner was named one of four 2018 GM Innovation Award winners for its Dual Volute turbocharger for gasoline engines.

"Our suppliers play a key role in delivering the products, services and experiences our customers deserve – and these award-winning suppliers went above and beyond our expectations," said Shilpan Amin, GM vice president, Global Purchasing and Supply Chain.

"We also believe it's important at this point in time to thank our entire supply base for their efforts the last few months to mitigate the impacts of COVID-19," added Amin. "Not only have we been able to safely restart our manufacturing operations, our suppliers played a key role in assisting our initiatives to increase the supply of ventilators and personal protection equipment (PPE) for frontline health care workers to help save lives and keep communities safe."

The Supplier of the Year award winners were chosen by a global team of GM purchasing, engineering, quality, manufacturing and logistics executives. Winners were selected based on

performance criteria in Product Purchasing, Global Purchasing and Manufacturing Services, Customer Care and Aftersales, and Logistics.

“As an automotive supplier, there are few things as rewarding as being recognized by OEM customers for the dedication, value and excellence your team is delivering,” said Frédéric Lissalde, President and CEO of BorgWarner. “We are honored to be named a 2019 GM Supplier of the Year and look forward to further strengthening our relationship with GM this year and beyond.”

In addition to the 2019 GM Supplier of the Year Award, several BorgWarner facilities earned the 2019 GM Supplier Quality Excellence Award, including its plants in Bellwood, Illinois; Tianjin, China; Manesar, India; Brusque, Brazil; and Changnyeong and Pyeongtaek in South Korea, which respectively received the honor for the third and fifth consecutive time.

Statements in this news release (this “Release”) may contain forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management’s current outlook, expectations, estimates and projections. Words such as “anticipates,” “believes,” “continues,” “could,” “designed,” “effect,” “estimates,” “evaluates,” “expects,” “forecasts,” “goal,” “guidance,” “initiative,” “intends,” “may,” “outlook,” “plans,” “potential,” “predicts,” “project,” “pursue,” “seek,” “should,” “target,” “when,” “will,” “would,” and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact contained or incorporated by reference in this Release that we expect or anticipate will or may occur in the future regarding our financial position, business strategy and measures to implement that strategy, including changes to operations, competitive strengths, goals, expansion and growth of our business and operations, plans, references to future success and other such matters, are forward-looking statements. Accounting estimates, such as those described under the heading “Critical Accounting Policies” in Item 7 of our most recently-filed Annual Report on Form 10-K (“Form 10-K”), are inherently forward-looking. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate in the circumstances. Forward-looking statements are not guarantees of performance, and the Company’s actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this Release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: our dependence on automotive and truck production, both of which are highly cyclical; our reliance on major OEM customers; commodities availability and pricing; supply disruptions; fluctuations in interest rates and foreign currency exchange rates; availability of credit; our dependence on key management; our dependence on information systems; the uncertainty of the global economic environment; the outcome of existing or any future legal proceedings, including litigation with respect to various claims; future changes in laws and regulations, including, by way of example, tariffs, in the countries in which we operate; and other risks noted in reports that we file with the Securities and Exchange Commission, including Item 1A, “Risk Factors” in our most recently-filed Form 10-K. We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this presentation to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
